## and what have you

by BOB CRAIG

Since the Pipers will be playing Quanah here Friday night in a Bi-District game—the first since 1940—we went back into our 1940 files and picked up the following bits of information for the benefit of those too young to remember and to refresh the memories of others.

The 1940 Pipers went through an undefeated season to earn the right to meet Chillicothe here Dec. 6. The smaller Piper team fell to the Eagles, 25-6.

The 1940 team was coached by Marcus Smith and Melvin Grigg. The starting lineup for the bi-district game was W. Brown, 180 LB; J. Ellison, 170, LT; L. Brown, 150 LG; R. Petty 165 C; B. Barrow, 180, RG; G. Benham, 178 RT; D. Wilemon, 152 RT; S. Ferguson, 159 LH; A. Johnson, 166 RH; B. Harbert, 147, FB; and R. Dean 155 QB. Reserves were: E. Smith, 150 L; D. Coles, 154 L; G. Turner, 170 L; E. Ellison, 175 L; C. Norman, 145 L; T. Hill, 135 B; D. Witt, 120 B; and G. Witt, 150 B.

The championship game was scoreless in the first half and the Pipers drew first blood early in the second half. But their lead was short lived as the Eagles came firing back and scored 25 quick points.

It was quite a weekend in Hamlin in 1940 when the championship game was played here what with a special train coming to town bringing 300 to 400 fans from Chillicothe to the game.

With 2,500 to 3,000 fans attending the game here only 400 reserved seat tickets were available for the Hamlin fans and 200 for Chillicothe. Tickets were \$1.00 for reserved seats.

In looking back through the files we found where Foster Cook, Howard Payne, was umpire for the Hamlin and Lueders game to open the 1940 season.

The Hamlin and Baird game which was won by Hamlin, 13-7, was reported in the Herald by Jack Russell. The paper said that Jack did a good job of reporting.

Now back to the present. Anyone who missed Friday night's game missed seeing the Pipers put on their best performance of the season. Everyone hopes they can come up with another one like it this week when they play host to Quanah Indians Friday night. Play like that can take the boys a long way and the town is behind them all of the way.

Because of the big crowds expected here Friday night it would help the crowded parking facilities if as many as possible could get together in the same car to go to the game.

See you at the game.

## FORMER RESIDENT, JON ADAMS, KILLED IN BIG SPRING WRECK

Funeral services for Jon Adams, 27, son of Mr. and Mrs. Seth Adams Sr., were held Tuesday at 2 p.m. in the Church of Christ with Thomas E. Cudd, minister, and Austin Siburt, minister of the Midland Church of Christ, officiating.

Adams, a teacher in the Big Spring Junior high school, died at 7:30 a.m. Sunday from injuries sustained in a one car accident near Big Spring about five hours earlier. He was a passenger in a car driven by another teacher, John Casselman, who was hospitalized with serious head injuries.

Investigating officers said the car apparently missed a slight curve in U. S. Highway 80 about seven miles west of Big Spring and overturned on

the shoulder. Both men were rushed to the Cowper Clinic-Hospital in Big Spring.

Born July 8, 1934, Adams graduated from Hamlin High School in 1952 and enrolled in Abilene Christian College. He later transferred to Texas Technological College, where he received his B.A. degree in 1956.

Following his graduation from Texas Tech he taught one semester in Post, before returning to his home town, where he instructed for five years and was the junior high football coach.

In 1960, he returned to ACC to earn his Master of Education degree.

He began teaching social studies at Goliad Junior High in Big Spring in September. He attended the Church of Christ.

Burial was in the Highland Cemetery at Stamford under the direction of Hamlin Funeral Home.

Survivors include his parents of Hamlin; one brother, Seth, Junior, of Lovington, New Mexico; two sisters, Mrs. K. W. (Olive) Morris of Denver City and Mrs. W. L. (Jane) Cannon of Dallas.

Pallbearers were Clifford Eoff, Joe Don Hymmer, Jim Harwell, B. V. Newberry, Marvin Carlton and Leslie Fambrough.

# Pipers Down Stamford, 14-6; Share 6-AA Title

Playing an outstanding offensive and defensive game, the Pipers won a crucial victory Friday night as they overpowered the Stamford Bulldogs, 14-6. The victory gave the Pipers a share of the district title, sharing it with the Anson Tigers who defeated the Haskell Indians the same evening. The Pipers will meet the Quana Indians here Friday by virtue of their early victory over the Tigers.

Halfback Bill Richey was the top ground gainer for the Pipers as he ripped the Bulldog line for 95 yards in 13 carries. His longest was a 46 yard scamper that set up the first Piper score. Frankie Lee, playing a bruising fullback game, was next for the Pipers with 62 yard in 20 tries.

Quarterback Stanley Austin only passed three times in the contest, but the third one was a big one as it was a 45 yard to end Jimmy Cooper for the

second score. Of Austin's other two passes, one was completed for nine yards and the other was intercepted.

One of the real bright spots of the game was the lack of penalties with the only one coming late in the game when the Bulldogs were assessed

eight yards for clipping. Dan Newberry returned the opening kickoff to his 32 and then carried for four yards. Richey was held for no gain and then Austin passed to Dan for nine yards and a first down on the 45. Dan picked up one, Rayford Williams was thrown

## PIPER PATTERN

By SANDRA SMITH

Everyone who walks down the halls at Hamlin High has a smile on his face this week. What is the reason for these smiles? Why, of course, the simple fact that for the first time since 1940 the Pied Pipers will represent the 6-AA district in football playoffs.

Signs are popping up all over the building again showing the Pipers that we are backing them all the way, and it seems that school spirit has never had such a boost in H.H.S.

The mighty Pied Piper team will meet the Quana Indians at the Pied Piper Stadium on Friday night at 7:30.

The FHA met for their regular monthly meeting Tuesday night in the library with their mothers as guests. Mrs. Clyde Huff talked to the group about spring fashions and had some of the girls model dresses for the coming season.

One of the second year homemaking students along with the third year girls modeled their dresses made during the past six weeks. Four of the third year girls will enter their dresses in the "Make It With Wool" contest. The district eliminations will be held at Noodle next Monday. The four girls entering the contest are Sandra Jayroe, Gloria Jenkins, Nancy Stinnett and Mary Debs Rountree.

Four candles had been lighted, and now the new members would be inducted. Yes, this was the procedure for the National Honor Society induction ceremony held last Thursday afternoon. The new members are Sandra Smith and Bill Richey, seniors; and Gloria Jenkins, Sandra Jayroe, Lou Ann Hawkins, Mark Smith, O. H. Weaver and Dan Newberry juniors.

Along with the induction of

the new members, the N.H.S. announced its outstanding citizens for September and October. They are Sandra Jayroe and Wayne Dan Gray, September citizens; and Leona Brinegar and Barry Cheshier, October citizens.

Each month during the year the National Honor Society selects a boy and girl as its outstanding citizen for that month. At the end of the year a boy and girl are selected from those that have been chosen during the year as the outstanding citizens of the year.

for a two yard loss and then Randy Stevenson swiped Austin's pass for the Bulldogs, returning it to the Stamford 47.

The Bulldogs picked up two first downs before the Piper defense stiffened to stop the drive on the Piper 14.

Lee opened a Piper drive with a one yard try, Richey picked up two and then Lee carried for six, two and two to the 28.

Austin rolled out for six and Van picked up five. Richey broke through the secondary and raced for the goal, but was pulled down from behind at the Bulldog 15 for a 46 yard gain.

Lee carried for two, Richey gained 12 to the one and then Lee crashed into the end zone for the score. Cooper split the uprights for the point after to

put the Pipers out front, 7-0. Returning the kickoff to the 31, the Bulldogs picked up a first at the 42 but then were forced to punt from their 46. Taking over at their 26, the Pipers gained a first at the 37 but then lost six yards in two plays and fumbled on third down with Stamford recovering on the Hamlin 28.

The Bulldogs were able to pickup only six yards in four plays to give up the ball to the Pipers on the 22.

Three plays later the half ended with the ball on the 32.

Returning the kickoff to the 34, the Bulldogs picked up a first on the 48 but then lost 14 yards in three plays. The Bulldogs punted 12 yards with the Pipers taking over at their 46.

Lee ripped off seven, two and four yards, Richey gained four, Williams two, Lee three and then Austin gained a first at the Bulldog 22 on fourth down with a two yard plunge. Richey picked up five, Lee three and then Lee was set

back one. Lee carried for five to the 10 and then Williams carried to the seven. Austin gained two to the five, Lee two to the three and Austin was caught for a three yard loss to stop the Piper drive on the six.

The Bulldogs ran three plays and then punted from the 13 with the Pipers returning it to the Stamford 47.

Van picked up two yards to the 47 and then Austin dropped back and lofted a pass that came down in Cooper's outstretched arms at the 20 and he outran the Bulldog defenders to the goal. Cooper's kick was good to put the Pipers in the lead, 14-0.

Sparked by Joe Ray Spurlock who gained 35 yards in five plays, the Bulldogs bounced back to put together a 71 yard scoring drive in 11 plays with a nine yard pass play from Randy Stevenson to Claybourne Clarke for the score. Stevenson's two point try failed and the score was 14-6.

After returning the kickoff to the 32, the Pipers gained a first at their 48 but then were

forced to punt at the Bulldog 49. The Bulldogs took over on their 14. Stevenson's pass was incomplete, Spurlock gained four and then Keith McKeever broke loose for a long gain only to have it brought back to the 13 because of the game's only penalty, a clipping penalty at the 20. McKeever was thrown for a seven yard loss and the Bulldogs punted with

the Pipers taking over at the 27. With time running out, the Pipers gained two first downs in moving the ball to the Bulldog five. On the last play of the game Austin was thrown for a two yard loss. The Piper defense was lead by Rayford Williams, Neal Branscum, Jerry Duncan and Jerry Smith.

American advertising methods is the most significant import of foreign countries since World War II, according to an executive of the National Cash Register Company.

"Those countries in Europe which are expanding most rapidly economically are the ones which are doing the best job of advertising," he said.

In France, the executive pointed out, advertising has increased five-fold in the past nine years. "Even the French peasant has begun to consume goods which he would have considered foolish luxuries a decade ago." If advertising had not made this new surge of buying possible the new production facilities of Europe would simply be filling warehouses and bringing no benefit to anyone, he asserted.

"Japan is another country where American advertising techniques have brought new prosperity." In fact, according to the nationally known official, "Advertising is remaking the world."

He noted that personal selling is the largest single cost item in merchandizing. "As more automation is used in merchandizing, advertising becomes more important," because advertising is the employment of automation in selling.

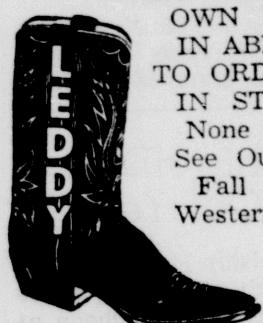

In this connection, he said, "Advertising costs nothing; it pays for itself... In fact, over 60 per cent of all sales are made directly by advertising."

The sales made by advertising are made at a fraction of the cost which would have been required in personal selling, he stated.

Observant retailers know that the comments of the industrial executive apply to local business firms as well as the countries of the world.

Look around in any community: Are not the most prosperous companies those which are best applying automation to selling—i.e., doing the best job of advertising?

## WOMEN'S CLUBS TO SPONSOR TEX MOORE FOR HALL OF FAME

Members of the Hamlin Woman's Literary Club and the Fifty-two Study Club are interested in getting the name of the late Tex Moore, famous cowboy artist and former resident of Hamlin, nominated for a place in the National Cowboy Hall of Fame which is being constructed at Oklahoma City, Oklahoma. Interest in the Hall of Fame was sparked here last year when fifth grade pupils along with their teacher, Miss Maggie Seymour, made displays for the annual Openhouse using the Hall of Fame as their theme. Some in the class have purchased children's memberships to the Hall of Fame.

Club members have now voted to help with making the nomination of Tex Moore

through the Texas Heritage committees in each club. Other clubs in Mesquite District are being asked to participate in the project.

In 1934 the late Dr. J. W. McCrary and Mrs. McCrary met Tex and the late Mrs. Moore in Ruidoso, N. Mexico, and they became close friends. During the time of World War II the Moores were living in California but they decided to return to his native Texas. In the early 1940's they moved to Hamlin and purchased a home next door to the McCrarys on North Central Avenue. They lived here until 1947 when they returned to Wichita Falls where he had a studio.

John Marcellus (Tex) Moore was born November 24, 1905, on a ranch near Fort Worth. He left home at the age of 14 shortly after the death of his mother. His long and varied life was filled with many interesting experiences as a trail driver, cowboy, gold miner, Texas Ranger, Indian Scout, stage coach driver, ranch owner, author and true artist.

He never attended school or received an art lesson but he spent more than half a century recording on canvas the beauties of nature and the life of the Cowboy in the West before its inhabitation by other than Indian and cowboy. He received encouragement from his friends Remington and Russell, the great artists, during his early painting.

His first painting was sold to an Eastner for \$150 and was later sold for \$2000. Not long after this sale the Santa Fe Railroad selected Tex to do a picture of the Grand Canyon for which they paid him \$1500. In 1935 the Texas Legislature named him the official Cowboy Artist of the Lone Star State and appropriated \$1,000 for expenses of showing his work at the Texas Centennial in 1936.

Many of his pictures have been sold to art companies for reproduction on calendars and other specialties.

His roaming life gave Tex access to the grandeur of mountains, to the blue of the sky, to fights unto death of wild range horses and to cattle grazing in the open range. These he painted with a hand as deft with the artist brush as with a rope on the range.

He had many shows and exhibited widely in the West. His paintings were shown at the National Art Show in Chicago at the age of 76. He maintained a steady hand for painting to

BY AMY ADAMS

### Ignoring A Problem Doesn't Solve It

Dear Amy:

Some time ago my neighbor and I went shopping. I left my children in the car and she took her two boys (ages 8 and 9) in the store. The next day my 6 year old boy told me that her 9 year old had come back to the car and tried to take off my 8 year old daughter's clothes. I asked my daughter if this was true and she said that he tried to do it lot's of times.

Truthfully I was shocked and I told my neighbor about this. She said, "He's only curious. Don't let it worry you." Since then, I have been making excuses to keep the girls home in our yard which isn't easy. However, I let my 6 year old boy play with her boys.

Now I hear that my boy was undressing her 5 year old girl. I didn't like it when her boy did it to my girl so I punished my son. I told him it better never happen again and I told my neighbor to keep the girl away from the boys. But she showed no interest. She says forget it; it's natural.

Miss Adams, is it natural? I don't remember doing these things in my childhood. Should I ignore it or what should I do?

Mrs. D.H.

Dear Mrs. D.H.: When a problem presents itself and you close your eyes to it, it doesn't solve the problem as your neighbor thinks.

Children are curious about each other's bodies. Sometimes at a very early age. However, a wise parent will satisfy a child's curiosity at home so that they will not need to explore other youngsters. For instance, when an addition to the family arrives, allow the other children to watch the bathing, dressing and diapering of the new arrival. Explain why the anatomy of a girl is different than that of a boy and vice versa.

When questions are asked, answer them intelligently and correctly. This usually does away with the problem. However, there are children, even though they are informed, who still want to explore other children. Most of the time because they see other children do so. Then it's time for a parent to sit down with the child and explain gently but firmly why they must not do so.

He died in Wichita Falls on July 25, 1950, at the age of 84. The National Cowboy Hall of Fame and Western Heritage Center which is being built by Seventeen Western States is a memorial to the great men of the West. Names of men who have helped build this great Western Country are now being placed in nomination. The nominations will be considered by the National Board of Trustees for special places of honor in the Hall of Great Westerners in the Hall of Fame.

### What else LASTS FOREVER?

The Pyramids, symbols of longevity, are decaying and in no way what they used to be. But, diamonds, mined when the Pyramids were built, are not one mite less beautiful today. Nothing lasts like a diamond. No wonder they were chosen, 'way back in history, to be symbols of love everlasting. Choose here with complete confidence. We've a fine selection.

# FAIRVIEW NEWS--

By MRS. ELMER JOINER

Rev. Doyle Combs returned Thursday night from Austin, where he attended the Texas Baptist Convention. Sunday night he gave a brief report of what went on at the meeting, which was enjoyed by all those present. Our church was proud that our pastor could attend and hear all of the inspirational messages and learn more about what Baptists are doing all over Texas.

It was good to see the Delbert Barron family of Borger and Mrs. Barron's sister, Major Caroline Greenway Knight, in church again Sunday. They were here visiting their father, Mr. Roscoe Greenway.

Funeral services were held Saturday, November 11, for Mrs. Emmitt Whitaker of O'Valo, former resident of this vicinity. Mrs. Whitaker passed away after suffering a heart attack and was buried in the O'Valo cemetery.

The friends of Johnnie Agnew will be glad to know that he is much improved, after hav-

ing been in the hospital for about two weeks and has been under the weather for some time. He was carried to the Hendrick Memorial Hospital in Abilene Friday, but hopes to be back in the Hamlin Hospital real soon.

Mr. and Mrs. R. M. Jones have been in San Diego, California, the past week visiting with their son, Mr. and Mrs. Doyle Jones and three sons. They went with Mr. and Mrs. Medford Carter of Hamlin who are visiting relatives in the Los Angeles area. They will return home sometime this week.

Mr. and Mrs. E. A. Henry attended funeral services in Lueders, last Tuesday for Mrs. W. D. Nance. Mrs. Nance had lived with a daughter, Mrs. R. O. Henry of Rule, for the past seven years, where she passed away last Sunday night. Mrs. R. O. Henry is a sister-in-law of Mr. E. A. Henry.

Mr. and Mrs. Elmer Joiner took dinner with Mr. and Mrs. Fred Rosenbaum Sunday, then Sunday afternoon they went to Abilene to visit with Mr. and Mrs. Johnnie Agnew at the

hospital. Visitors of Mr. and Mrs. Raleigh Bond over the weekend were Mr. Bonds sister, Mr. and Mrs. Don Barrett of Cleburne, Texas.

Ronald Joiner of Stamford, spent a few days last week with his grandparents, Mr. and Mrs. Elmer Joiner.

Rev. and Mrs. Doyle Combs and children, spent Sunday with Mr. and Mrs. E. A. Henry.

Mr. and Mrs. Woodrow Goodwin and Linda, went to Spur and Crosbyton Sunday afternoon, where they admitted to being in jail in Crosbyton. Mr. and Mrs. Corbette Hale, sister of Mr. Goodwin, reside in the apartment in the jail.

Grandpa Winslow Gray was guilty of being a S.O.G. with P.I.P. Sunday morning as he was showing a picture of his newest and only granddaughter, Jana Dee Bills, which was made when she was seventeen hours old. So it proved that silly old grandmothers aren't the only ones that just happen to have some pictures in purse. We don't blame Grandpa for being proud for she is a fine-

looking young lady. Mrs. Gray will return home the last of the week.

I never did find out what happened to my news last week but I do offer my apologies to the Old Glory correspondent for having my name over her column. Evidently it was a mixup somewhere and since we are all human they are bound to happen. I have not moved to Old Glory, which I am sure would be a good place to live, but am still in the same old place, out in the Fairview community.

(Delayed from last week)

The perfect fall weather of last week is gone and winter is about to appear. There was some ice Friday morning, but no frost, so it did not hurt anything, but Sunday was cold enough for every one to be crowding around the stoves in their winter coats. We often wonder what a group of people would talk about if it wasn't for the changing weather.

Attendance was up at Sunday School, with 34, despite the cold, we are few enough at

best, so we urge each one to be in their places each time they can. The two visitors were Billy and Denton Wright of Anson, cousins of Jack Wright.

We are happy to report that Jack Gray had the surgery on his lungs last Monday morning at Hendricks Memorial Hospital in Abilene and although it was a very serious operation he came through it fine and is scheduled to come home this Monday. The doctors say his health will be better than it was before he got hurt in the wreck, as they removed a condition that was injurious to him, and we all hope to see him fully recovered real soon.

Woodrow Goodwin, Winslow Gray, Fred Rosenbaum, Joe Ford and Rev. Doyle Combs went to Abilene Sunday afternoon to visit with Mr. Gray.

Mrs. Winslow Gray left by train Sunday night for Houston, to see the newest to their family, a little granddaughter, Jana Dee. Her parents are Mr. and Mrs. Doyal Bills, and she arrived Thursday, November 2, and weighed in at eight pounds and three ounces. Mrs.

Bills is the former Joyce Gray. This is the first grand daughter for the Grays, as they had two little grandsons. "Grandma" will stay for a while with them and give them advice on how to get her started off.

Mr. and Mrs. Bill Newland and Mr. and Mrs. Fred Rosenbaum visited with the pastor's family Monday night.

Mr. W. C. Eoff has a new tractor, in the fall the men start thinking of new tractors and equipment to start another crop.

Mrs. Raleigh Bond, Mrs. Woodrow Goodwin and Mrs. Elmer Joiner went to Abilene Monday afternoon. Don't ask them what all happened to them for they agreed not to tell.

Mr. and Mrs. T. E. Dixon of Carlsbad, New Mexico, were in Hamlin Wednesday and Thursday of last week on business. They visited with their sisters, Mrs. Joiner and Mrs. Goodwin and other relatives in Hamlin while here.

The old Whitaker homestead occupied for many years by the Roscoe Greenways, was sold

THE HAMLIN HERALD

recently to Mr. Wes Neidecken of Hamlin.

Mrs. Mel Jones visited Tuesday afternoon with Mrs. Elmer Joiner.

Visitors in the Winslow Gray home last week were Mrs. Gray's sister, Mr. and Mrs. John Stevens and son of Napa, California, and a friend of the Stevens', Mrs. Lula Calvin of Antioch, Cal. Joining them from Lubbock was their mother, Mrs. Ollie Parish.

Mr. and Mrs. Woodrow Goodwin and Mr. and Mrs. Flavel Holmes were visitors in the Elmer Joiner home Saturday night.

Rev. and Mrs. Doyle Combs and children ate dinner with Mr. and Mrs. Fred Rosenbaum Sunday.

The pastor will go to Austin Tuesday to attend the Texas Baptist General Convention. While there he will attend a breakfast honoring all pastors, whose churches were association winners in the Rural Achievement Program. The

Fairview church was the winner of an award in all three divisions, the past year, receiving the associational award for Jones county. He will return early Friday morning.

Our community was shocked and saddened Sunday afternoon by the news that Travis Smith died in Abilene with a heart attack. Mr. Smith resided with his mother, Mrs. Wood Smith, between our community and town. We extend our condolences to Mrs. Smith, the sister and brothers.

Naturally it's taller! The Texas State Capitol at Austin is taller than any other state Capitol and reaches higher into the atmosphere than the capitol building in Washington, D.C.

Next time you're in Austin, be sure and make a trip through this majestic domed granite capitol. You'll notice something different on every visit.

Take a look at the door hinges, for example, and the inlaid flooring. They were made especially for this building, but often are overlooked by many of the visitors to this great capitol.

Austin is quite a recreational center too; so you'd better plan for a long stay at this Central Texas beauty spot.

## TELEPHONE TALK

by Roy Eury, Manager

### CHRISTMAS SURPRISES FROM PHONELAND

It's not too soon to start thinking about your Christmas shopping list.

If you people in Hamlin have as much trouble as I do in selecting just the right thing for those especially close to you, why don't you visit or call our Christmas Phoneland in the telephone business office? You'll find a host of exciting, new and colorful telephone services that are sure to surprise and please.

Here are a few suggestions: A colorful extension phone for Mother in the bedroom, kitchen or sewing room . . . or in the den or workshop for Dad. You can be sure a phone for the teenagers will be well received. Choose from a table model, a wall phone, or the lovely little Princess phone with the light-up dial.

For family, we offer Home Interphone. It lets you talk from room to room, answer the door, and take outside calls without racing through the house—a real step-saver for everyone. Or maybe you want the pleasant musical tone of the Bell chime.

To announce your surprise, be sure to ask for the free bantam Princess phone to place under the tree. It makes a wonderful child's toy, too.

Why not visit or call our Christmas Phoneland in the business office and order the telephone gifts you want this week?

### "HOLD THE PHONE"

Did you know color telephones are designed to give you a place to leave the receiver when you're called away from the phone in the midst of an unfinished conversation?

If you have a handsome wall phone you may have noticed it has a ridge on the top at each side. If you are called away, just hang the receiver over this ridge. This offers two advantages: it gives you a handy place to hold the phone, and it keeps the spring cord from stretching out of shape and becoming unsightly in your home.

If you have a table model, place the receiver across the front of the instrument just above the dial, so that it rests on the recessed shoulders of the phone base. No need to worry about it falling off—these phones are designed to give you this extra convenience.

Call by number. It's twice as fast.

Dear Bob and Barbara,

We want to congratulate you and thank you for your outstanding Christian and civic work here in Hamlin. There are occasions too numerous to write at this time that we know you have gone over and beyond the ordinary in helping with church and civic projects such as—using your camera free, to take pictures at your own expense (when others here in town and out of town would have charged for such services) in church and school activities. We know this because we happen to be some of the many who have had you take school and church pictures. Again thank you for your work in church, Jaycee, and Lion club work. This is not all but is all the time we have to say now.
